Adventure Summary

While Prince Zinlo is certainly eager and willing to sell the rights to excavation sites in and around Aspenthar, it's clear that he's less eager to vet the accuracy of the information before completing the sale. Fortunately, the Jistka Imperium's relics are just as mysterious as those of Ancient Osirion—though they shed light on the strange science of alchemy more often than magic.

Boons

☐☐ **Secrets of the Jistkan Alchemists (General, Limited-Use):** Your forays into the ancient alchemical testing site of the Jistka Imperium has left you with knowledge and materials for a few handy tricks. Whenever you Craft an item with the alchemical trait during Downtime, after rolling, you can check a box that precedes this boon to increase your degree of success by one (from critical failure to failure, from failure to success, or from success to critical success).
