Adventure Summary

You were tasked by Venture-Captain Sebnet Sanserkoht and Arclord Alyreha Tzonnek with answering a call for aid from Fleshforger Dunn Palovar. An oozing monstrosity had absorbed one of the shattered pieces of the recently slain war god Gorum's broken armor and was rampaging through the southern borders of Nex near the Mana Wastes. The fleshforger sought heroes capable of subduing the beast and capturing the "warshard" inside of it, but any would-be heroes first needed to prove themselves capable of the task by completing a series of trials the fleshforger has crafted following the failure of several previous attempts to capture or slay the ooze. You outmaneuvered several competing interests gaining the right to seek out the ooze yourself. You trekked across the borderlands, confronting the monstrosity and claiming the warshard for the Pathfinder Society.
