Adventure Summary

A valuable Kalistocrat ally to the Pathfinder Society, Marivit Kopje, requested the aid of Pathfinders in exploring a newly-rediscovered vault and retrieving a valuable item for them, a key to revolutionizing their mining operations in the form of a planar key. In exchange, Marivit allowed you to gather any other items from within the vault, and Ambrus Valsin asked that you further explore, map, and catalog what was within. Shimia Renveld, the Kalistocrat collector whose items were secreted in the vault, had left it in the care of a trusted servant, who perished in the same earthquake that hid the vault for centuries. You ☐ convinced the Caretaker that your work cataloging the collection was a worthwhile continuation of Shimia's legacy or ☐ banished the haunt from the vault, clearing out its unusual inhabitants and mapping the vault for Pathfinder scholars to explore in greater detail. You ☐ were able to retrieve and return the key to Marivit or ☐ failed to do so, and ☐ mapped and cataloged the vault's contents to a degree that satisfied Ambrus or ☐ were unable to complete your secondary mission, potentially requiring the Pathfinders to send in a specialized team.
