Adventure Summary

You were sent aboard a strage ship, and soon you learned that it was somehow stuck in time, doomed to repeat the same week in an endless cycle. As you searched the ship, you were attacked by an occultist whose explorations of temporal magic were partly to blame for the ship's predicament. After searching, you found his journal, which contained a ritual he believed could unmoor the ship from time. Unable to participate in the ritual yourself, you convinced the fatalistic sailors to enact the magic and protected them from the temporal echoes of a hound of Tindalos.
