Adventure Summary

You were summoned by Decemvirate members Csilla and Eliza Petulengro to enter Ember Manor, the home of Lady Hesla Embersplitter, to investigate a strange shipping manifest that they received from a missing Pathfinder agent. While in the manor, you located not only proof of the Cult of the Screaming Grub's intentions to summon Deskari, but also proof that Hesla intended to turn on the cult and raze them to the ground, at the expense of everything and everyone around her. You were confronted by the Screaming Grub's head researcher Amriya and bore witness to the horror that was Ingalor, the dead father of Deskari. Brought before the High Council of Absalom, you ☐ convinced them of Hesla's upcoming schemes, or ☐ couldn't convince them, leaving the Society to prepare on their own.
