Adventure Summary

A glitching dwarven transmission heralded a magical attack that shattered the peace of Absalom Station, but you swiftly leapt into action to save the day! In the Lorespire Complex, you saved ☐ Tsomah and ☐ Madael from bloodspawned beasts created by a blood rend. At Venture-Captain Arvin's urging, you headed into the surrounding district of Drifter's End to help defend against this strange attack and save as many citizens as possible. You successfully saved a lost vlaka named Yorva, as well as civilians at the following locations ☐ Main Street, ☐ Planar Requisitions Office Branch, ☐ Go-Mart, ☐ Street Concert. You fought your way through bloodspawned beasts to seal another blood rend. As the attack came to an end, Primex Kantol made a public announcement and you ☐ exchanged or ☐ chose not to exchange contact info with Arlo Darose, a member of the Syndicsguild who helped fight off the bloodspawned beasts.
